

MARTIN BAGGER ACCESSORIES 3

Check Weighers and Pack Out Tables

- General-purpose cushion top rotary pack out table.
 - Troughed belt elevator optional.
 - Check weigher optional.
 - Wheels and casters optional.
 - Stainless or enamel mild steel construction.

When ordering remember to state your preferred options and the desired height to the top side of the cushion table.

General Purpose Outer Bag Packing Frame

- Designed to allow pre-pack bags or cartons to be packed in to outer bags – string, plastic or paper.
- Height adjustable to match outers of varying length or to match the height of the pack-out table.
- Simply to use, light and portable.
- Robust stable frame.
- Cushion landing pad optional extra.
- When ordering please state:
 - Type and length of the outers to be packed.
 - Gusset dimensions of the outer bags.

General Purpose Pallet Stacker Frame

- For stacking pallets prior to wrapping – all types of bags, hessian, string, plastic or paper.
- Light and easily moved.
- Folds up to a flat pack for ease of storage.
